MICRO-INSTRUMENTE

Micro-Instruments

Micro Instrumentos

Gemäß unseren hochwertigen Standards sowie den hohen Anforderungen und Notwendigkeit aus dem Markt wurden unsere Mikrochirurgie – Instrumente entwickelt, getestet und in präziser Handarbeit in Deutschland hergestellt.

Der DEWISstream- Schluss sowie das innovative Griff- Design erlauben eine sichere Anwendung und einfache Wiederaufbereitung der Instrumente.

Dafür sorgt auch die Herstellung aus vollem deutschem Stahl.

Die Verwendung von erstklassigem Material, verarbeitet durch hochqualifizierte Handarbeit, garantiert beste Funktionalität zum optimalen Preis – Leistungsverhältnis.

Our **new micro** instruments have been developed to meet latest standards and, therefore, the nowadays needs and requirements of hospitals and medical staff.

The **DEWISstream** design and the innovative grip design allow safe application and easy cleaning.

Branches and springs are being made from one piece of German steel only.

Usage of best materials processed by highly qualified handcrafts men in Germany exclusively guarantee best performance at best price/efficiency ratio.

Nuestros **nuevos micro** instrumentos han sido desarrollados para encontrar últimas normas y, por lo tanto, las necesidades y exigencias de hoy en día de hospitales y el personal médico.

El diseño de **DEWISstream** y el innovador diseño de apretón permiten el uso seguro y la fácil limpieza.

Las ramas y springs están siendo hechas de una sola pieza de acero Alemán únicamente.

El uso de los mejores materiales procesados por hombres artesanos sumamente calificados en Alemania exclusivamente garantiza el mejor funcionamiento en la mejor proporción de precio/eficiencia.

MICRO-INSTRUMENTE DEWISTREAM

Micro-Instruments DEWISTREAM

Micro Instrumental DEWISTREAM

Mit dem neuen DEWlstream Design konnten wir eine wesentliche Verringerung der Gefahr von Gewebeschädigung während der Anwendung erzielen und einer leichten Reinigung nach Gebrauch beisteuern

With the new DEWlstream design we have been able to substantially reduce the risk of catching threads or to squeeze tissue during application and to contribute to easy cleaning after use.

Con el nuevo diseño DEWlstream hemos sido capaces de reducir considerablemente el riesgo de atrapar hilos o exprimir el tejido durante el uso y contribuir a la fácil limpieza después de su uso.
